became available and the time when this amendment must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective not later than February 1, 1958. Shipments of designated varieties of Florida limes are currently regulated pursuant to Lime Order 4, as amended (22 F. R. 2873; 3105, 4252, 6611), and, unless sooner modified or terminated, will continue to be so regulated until May 1, 1958; determinations as to the need for, and extent of, continued regulation of Florida lime shipments must await the development of the crop and the availability of information on the demand for such fruit; the recommendations and supporting information for regulation of lime shipments subsequent to February 1, 1958, and in the manner herein provided, were promptly submitted to the Department after an open meeting of the Florida Lime Administrative Committee on January 14, 1958, held to consider recommendations for regulation, the provisions of this amendment are identical with the aforesaid recommendations of the committee, and information concerning such provisions has been disseminated among handlers of Florida limes; it is necessary, in order to effectuate the declared policy of the act, to make this amendment effective as hereinafter set forth; and compliance with this amendment will not require any special preparation on the part of the persons subject thereto which cannot be completed by the effective time hereof.

(b) *It is, therefore, ordered*, That the provisions of paragraph (b) of § 1001.304 (Lime Order 4, as amended; 22 F. R. 2873; 3105, 4252, 6611) are hereby further amended to read as follows:

(b) *Order*. (1) During the period beginning at 12:01 a. m., e. s. t., February 1, 1958, and ending at 12:01 a. m., e. s. t., June 16, 1958, no handler shall handle:

(i) Any limes of the group known as true limes (also known as Mexican, West Indian, and Key limes, and by other synonyms), grown in the production area, which do not meet the requirements of at least U. S. No. 2 grade for Persian (Tahiti) limes, except as to color;

(ii) Any limes of the group known as large fruited or Persian limes (including Tahiti, Bearss, and similar varieties), grown in the production area, which do not grade at least U. S. Combination Mixed Color: *Provided*, That not to exceed 50 percent, by count, of the limes

in any container may grade U. S. No. 2 Mixed Color;

(iii) Any limes of the group known as large fruited or Persian limes (including Tahiti, Bearss, and similar varieties), grown in the production area, which are smaller than 1½ inches in diameter: *Provided*, That not to exceed 5 percent, by count, of the limes in any container may fail to meet this requirement; or

(iv) Any container of such limes of the group known as large fruited or Persian limes (including Tahiti, Bearss, and similar varieties) which contains more than 5 percent, by count, of limes smaller than 1½ inches in diameter unless the juice content of the limes in such container averages at least 48 percent, by volume.

(2) Terms used in the amended marketing agreement and order shall, when used herein, have the same meaning as is given to the respective term in said amended marketing agreement and order; and terms relating to grade and diameter, as used herein, shall have the same meaning as is given to the respective term in the United States Standards for Persian (Tahiti) Limes (§ 51.1000-51.1016 of this title; 22 F. R. 3405).

(c) *Effective time*. The provisions of this section shall become effective at 12:01 a. m., e. s. t., February 1, 1958.

TITLE 21—FOOD AND DRUGS

Chapter I—Food and Drug Administration, Department of Health, Education, and Welfare

Subchapter C—Drugs

PART 141a—PENICILLIN AND PENICILLIN-CONTAINING DRUGS; TESTS AND METHODS OF ASSAY

PART 146a—CERTIFICATION OF PENICILLIN AND PENICILLIN-CONTAINING DRUGS

PROCAINE PENICILLIN-STREPTOMYCIN- (OR DIHYDROSTREPTOMYCIN-) NEOMYCIN-ERYTHROMYCIN IN OIL

Under the authority vested in the Secretary of Health, Education, and Welfare by the Federal Food, Drug, and Cosmetic Act (sec. 507, 59 Stat. 463, as amended; sec. 701, 52 Stat. 1055, as amended; 21 U. S. C. 357, 371) and delegated to the Commissioner of Food and Drugs by the Secretary (22 F. R. 1045), the regulations for tests and methods of assay and certification of penicillin and penicillin-containing drugs (21 CFR Parts 141a, 146a) are amended as indicated below:

1. Part 141a is amended by adding thereto the following new section:

§ 141a.94 *Procaine penicillin-streptomycin-neomycin-erythromycin in oil; procaine penicillin-dihydrostreptomycin-neomycin-erythromycin in oil—*

(a) *Potency—*(1) *Penicillin content.* Obtain the weight of the content of a syringe by weighing before and after ejecting the content into a beaker. Stir until homogeneous. Remove a representative sample (usually approximately 1.0 gram, accurately weighed) and place in a separatory funnel containing 50 milliliters of peroxide-free ether. Add 20 milliliters of potassium phosphate buffer (pH 8.0) and shake. Remove the buffer layer and repeat the extraction with three additional 20-milliliter portions of the buffer. Combine the buffer extracts and make to 100 milliliters with buffer. Place the buffer solution into a second separatory funnel and wash with three 30-milliliter portions of ether. Discard the ether washes. Remove an aliquot of the buffer solution and proceed as directed in § 141a.1 except § 141a.1 (d) and (i). If the iodometric chemical assay is used, proceed as directed in § 141a.5 (d) (1), except prepare the sample as directed in § 141a.35 (a) (1). Its content of penicillin is satisfactory if it contains not less than 85 percent of the number of units that it is represented to contain.

(2) *Streptomycin content.* Using an aliquot of the buffer solution prepared in subparagraph (1) of this paragraph, proceed as directed in § 141b.101 (a) through (i) of this chapter, except add sufficient penicillinase to completely inactivate the penicillin present. Its content of streptomycin is satisfactory if it contains not less than 85 percent of the number of milligrams that it is represented to contain.

(3) *Dihydrostreptomycin content.* Proceed as directed in subparagraph (2) of this paragraph, using the dihydrostreptomycin working standard as the

standard of comparison. Its content of dihydrostreptomycin is satisfactory if it contains not less than 85 percent of the number of milligrams that it is represented to contain.

(4) *Neomycin content.* Using an aliquot of the buffer solution prepared in subparagraph (1) of this paragraph, proceed as directed in § 141e.410 (b) (1) of this chapter, except add sufficient penicillinase to completely inactivate the penicillin present, and use as the test organism the Food and Drug Administration dihydrostreptomycin-resistant strain of *M. Pyogenes* var. *aureus* (P. C. I. 1209 R. D.) grown and maintained in media containing 1,000 µg. of dihydrostreptomycin per milliliter of agar. Its content of neomycin is satisfactory if it contains not less than 85 percent of the number of milligrams that it is represented to contain.

(5) *Erythromycin content.* Proceed as directed in § 141b.126 (a) (1) (ii) of this chapter, except prepare the sample as follows: Place a representative sample (usually approximately 1.0 gram, accurately weighed) in a glass blending jar containing 100 milliliters of polyethylene glycol 400. Using a high speed blender, blend for 2 minutes and filter through a cotton plug or filter paper. Make an intermediate dilution of an aliquot of the filtrate with potassium phosphate buffer (pH 8.0) and add sufficient penicillinase to inactivate the penicillin present. Remove an aliquot and dilute with potassium phosphate buffer (pH 8.0) to give an erythromycin content of 1.0 µg. per milliliter (estimated). Its content of erythromycin is satisfactory if it contains not less than 85 percent of the number of milligrams that it is represented to contain.

(b) *Moisture.* Proceed as directed in § 141a.7 (c).

2. Part 146a is amended by adding thereto the following new section:

§ 146a.83 *Procaine penicillin-streptomycin-neomycin-erythromycin in oil; procaine penicillin-dihydrostreptomycin-neomycin-erythromycin in oil.* Procaine penicillin - streptomycin - neomycin-erythromycin in oil and procaine penicillin - dihydrostreptomycin - neomycin-erythromycin in oil conform to all requirements and are subject to all procedures prescribed by § 146a.89 for procaine penicillin-streptomycin-neomycin in oil and procaine penicillin-dihydrostreptomycin-neomycin in oil, except that:

(a) It contains not less than 5.0 milligrams of erythromycin per milliliter. The erythromycin used conforms to the standards prescribed by § 146b.121 (a) of this chapter.

(b) In addition to complying with the requirements of § 146a.89 (b), each package shall bear on the outside wrapper or container and the immediate container the number of milligrams of erythromycin in each milliliter of the batch.

(c) In addition to complying with the requirements of § 146a.89 (c), a person who requests certification of a batch shall submit with his request a statement showing the number of milligrams of erythromycin in each milliliter of the batch, the batch mark, and (unless they

were previously submitted) the results and the date of the latest tests and assays of the erythromycin used in making the batch for potency, toxicity, moisture, pH, and color-identity test. He shall also submit in connection with his request a sample consisting of not less than eight immediate containers of the batch and (unless it was previously submitted) a sample consisting of 5 packages containing approximately equal portions of not less than 0.5 gram each of the erythromycin used in making the batch.

(d) The fees for the services rendered with respect to the samples submitted in accordance with paragraph (c) of this section shall be:

(1) \$6.00 for each immediate container of the batch.

(2) \$4.00 for each immediate container of the erythromycin used in making the batch.

Notice and public procedure are not necessary prerequisites to the promulgation of this order, and I so find, since it was drawn in collaboration with interested members of the affected industry and since it would be against public interest to delay providing for these amendments.

Effective date. This order shall become effective on the date of its publication in the FEDERAL REGISTER.

(Sec. 701, 52 Stat. 1055; 21 U. S. C. 371. Interprets or applies sec. 507, 59 Stat. 463, as amended; 21 U. S. C. 357)

Paragraph (c) of section 23 of DMS Regulation No. 1 is hereby amended to read as follows:

(c) Except where otherwise specifically provided by BDSA, a controlled materials producer may, by self-authorization and without filing any application, use the rating DO-B-5 in obtaining production materials consisting of products and materials other than controlled materials needed to fill orders for controlled materials which he is required to accept by this regulation, or by any other regulation, order, or directive of BDSA: *Provided, however*, That a controlled materials producer must, by self-authorization and without filing any application, use the rating DO-B-5 in obtaining primary nickel as production material to fill orders for controlled materials which he is required to accept by this regulation, or by any other regulation, order, or directive of BDSA, or to replace in inventory primary nickel which he has used to fill such orders. For the purposes of this paragraph, "primary nickel" means nickel in the following forms or shapes:

Electrolytic cathodes.

(c) *Maximum insurance payable; limitation.* The proviso to the definition of the term "actual cost" in section 1101 (f) of the Act is construed as a limitation on insurance payable in respect of the unpaid principal of a loan or mortgage and not as a limitation or restriction on insurance payable as interest thereon nor as a limitation or restriction on the pledge of the faith of the United States, as provided in section 1103 (d) of the act, to the payment of the interest on and the unpaid balance of the principal of mortgages and loans insured under Title XI of the act. Accordingly, the terms "maximum insurance payable" and "maximum insurance payable pursuant to the proviso to the definition of the term 'actual cost' in section 1101 (f) of the act" as used in the regulations in this part means maximum insurance payable in respect of the principal of a loan or mortgage and not in respect of the interest thereon.

§ 298.3 *Applications—(a) Types.* Any United States citizen may make application to the Administration for mortgage or loan insurance, and for commitments to insure, in accordance with the act and the regulations in this part and such other terms as the Secretary may prescribe.

(b) *Simultaneous applications.* Simultaneous applications may be submitted for mortgage insurance and loan insurance.

(c) *Form and time of filing.* Applications must be in form, contain information, be accompanied by supporting documents and be certified as prescribed or approved by the Secretary. Applications shall be on file with the Administration complete with all supporting documents and data in sufficient time to permit the Secretary to make a full and complete investigation and to take all other action required in respect thereof and in any event no later than 90 days prior to the anticipated date of the closing of the transaction.

(d) *Investigation fee.* Each application must be accompanied by payment

pursuant to section 1104 (e) of the act in the amount of \$100.00 or one-half of one per centum of the original principal amount of the mortgage or loan to be insured, whichever is less, which payment shall be retained by the Secretary irrespective of the final disposition of the application. After preliminary consideration of the application, the applicant shall pay to the Secretary upon request such additional amount or amounts as the Secretary may deem reasonable for the investigation of the application for insurance, for the appraisal of properties offered for insurance, for the issuance of commitments, and for the inspection of such properties during construction, reconstruction or reconditioning: *Provided,* That such charges shall not aggregate more than one-half of one per centum of the original principal amount of the mortgage or loan to be insured. Any additional amount or amounts so paid shall be retained by the Secretary if the application is approved, and one-half of any additional amount or amounts so paid shall be retained by the Secretary if the application is not approved. Unless otherwise agreed by the mortgagor or borrower and the mortgagee or lender, all such amounts shall be paid by the mortgagor or borrower.

(e) *Commitment to insure and insurance contract.* Upon approval of an application, and upon payment of all amounts charged under paragraph (d), of this section and of all premium charges (if any) which shall then be due and payable in accordance with section 1104 (d) of the act and § 298.10, a commitment to insure and/or insurance contract, as the case may be, as contemplated by section 1103 of the act, will be made or entered into with the mortgagee or lender and/or the mortgagor or borrower, as determined or approved by the Secretary. The commitment to insure and/or insurance contract shall be as prescribed or approved by the Secretary.

§ 298.4 *Eligibility requirements—(a) Mortgage.* To be eligible for insurance under Title XI of the act, a mortgage shall conform to the requirements of section 1101 (a) of the act, § 298.2 (a) and, excepting as otherwise provided in section 1106 of the act, to section 1104 (a) of the act.

(b) *Loan; interest rate.* To be eligible for insurance under Title XI of the act, a loan shall conform to the requirements of sections 1101 (b) and 1104 (b) of the act and § 298.2 (b), and its status in respect of other loans or indebtedness of the borrower shall be subject to the approval of the Secretary. In the case of interest on loans, the requirements stated in section 1104 (b) (6) of the act shall be construed to mean interest (exclusive of premium charges for insurance) at a rate not to exceed 5 per centum per annum on the amount of the unpaid principal at any time, or not to exceed 6 per centum per annum if the Secretary finds that in certain areas or under special circumstances the mortgage or the lending market demands it, the same as provided for interest on mortgages under section 1104 (a) (5) of the act.

(c) *Second mortgage.* Subject to the approval of the Secretary in each instance, mortgages and loans otherwise eligible for insurance may be insured with respect to vessels which are subject to existing preferred mortgages as defined in the Ship Mortgage Act, 1920, as amended, provided such existing mortgages are first lien mortgages and secure obligations held exclusively by the United States as mortgagee under such mortgages.

(d) *Economic soundness.* No commitment to insure a mortgage or loan will be made by the Secretary unless he finds, at or prior to the time such commitment is made, that the property or project with respect to which the mortgage or loan will be executed or made will be, in his opinion, economically sound, and no mortgage or loan, unless executed or made pursuant to a prior commitment, will be insured unless the Secretary finds, at or prior to the time the insurance becomes effective, that the property or project with respect to which the mortgage or the loan is executed or made will be, in his opinion, economically sound.

(e) *Term of mortgage.* To be eligible, a mortgage shall secure bonds, notes, or other obligations having maturity dates satisfactory to the Secretary but not to exceed twenty years from the date of its execution. In no event will a mortgage be insured for a term longer than the economic life of the mortgaged property, as determined by the Secretary. Ordinarily, the economic life of a vessel will be determined as running not more than twenty years from the date of completion of the original construction of the vessel and not from the date of completion of any reconstruction or reconditioning thereof.

(f) *United States citizenship.* The United States citizenship of each mortgagor, borrower, mortgagee and lender, and his successors and assigns, if any, shall be established within the meaning of section 2 of the Shipping Act, 1916, as amended, sections 37 and 38 of the Merchant Marine Act, 1920, as amended, and section 905 (c) of the Merchant Marine Act, 1936, as amended, to the satisfaction of the Secretary. The United States citizenship of each managing agent or bareboat charterer of the vessel or vessels shall likewise be established. In the case of a mortgage or loan involving a trust indenture, the mortgagee or lender will be deemed to be a citizen if the trustee designated in such trust indenture, and his successors and assigns as trustee, if any, so qualifies as a citizen of the United States.

(g) *Vessel requirements.* No loan will be insured unless the vessel is designed to meet, and no mortgage will be insured unless the vessel, at the time of execution of the mortgage meets, (1) all requirements to entitle her to the highest classification and rating for vessels of the same age and type in the American Bureau of Shipping except in those cases where such requirements are not applicable to the type of vessel involved, and (2) all requirements of applicable laws, treaties and conventions, and the rules and regulations issued thereunder, including, without limitation thereto, the

International Convention for Safety of Life at Sea, 1929, as amended by the 1948 Convention, and all laws, rules and regulations administered by the United States Coast Guard, the Bureau of Customs, Treasury Department, the Federal Communications Commission, the Public Health Service, Department of Health, Education, and Welfare, or their successors.

(h) *American built and documented.* All construction, reconstruction and reconditioning of vessels for which loan or mortgage insurance is granted shall be performed in a shipyard or shipyards within the continental limits of the United States, and all vessels constructed, reconstructed or reconditioned with Title XI aid shall upon completion be documented under the laws of the United States.

(i) *Competitive bids.* Competitive bids shall be required for all construction, reconstruction and reconditioning of vessels for which loan or mortgage insurance is granted and, except as otherwise permitted under section 504 of the act, the work shall be awarded to the lowest responsible bidder.

(j) *Working capital; general.* To be eligible for loan and mortgage insurance, the applicant shall submit evidence satisfactory to the Secretary showing that at the time of execution of the contract of insurance he will have working capital (determined in accordance with generally accepted accounting principles) or other funds satisfactory to the Secretary, which working capital or funds will be available for the proposal under application, equal at least to the amount required by paragraph (k), (l) or (m) of this section, as the case may be.

(k) *Working capital; loan replaced by mortgage.* In the case of a loan which will be replaced by a mortgage, the minimum working capital or funds required by paragraph (j) of this section shall be an amount equal to the sum of the following, less any payments on account thereof:

(1) Complement of the loan, e. g. 25 per centum of "actual cost" as determined in accordance with § 298.7 (a) where the loan is 75 per centum of such "actual cost";

(2) Interest and commitment fees on the loan,

(3) Interest and commitment fees on borrowings (not included in the loan) the proceeds from which are used to pay obligations constituting a part of "actual cost", and on any other borrowings,

(4) Charges under § 298.3 (d) and section 1104 (e) of the act,

(5) Loan insurance premium charges under § 298.10 and section 1104 (d) of the act,

(6) Fees, commissions or charges for securing the loan and/or mortgage,

(7) Fees or charges for preparing, printing and/or filing application and supporting documents, for securing approval of the application, and for preparing, printing and/or processing documents relating to the loan and/or mortgage

and the insurance thereof by the Secretary.

(8) Commitment fees on the mortgage loan accruing during the period prior to execution of the mortgage, and

(9) Such other expenditures as may be required to effect delivery of the vessel or vessels.

In addition to the foregoing, unless available from the proceeds of the mortgage, the sum of the following shall be provided:

(i) The first year's amortization of mortgage loan, including both principal and interest,

(ii) One year's premiums for vessel insurance, including Marine and Hull, Protective and Indemnity, and War Risk Insurance,

(iii) The first year's mortgage insurance premium charge under § 298.10 and section 1104 (d) of the act, and

(iv) Any additional amount determined by the Secretary to be necessary by reason of other activities of the mortgagor not covered by paragraph (o) of this section.

(m) *Working capital; mortgage only.* In the case of a mortgage only, the minimum working capital or funds required by paragraph (j) of this section shall be an amount equal to the sum of the following, less any payments made on account thereof:

(o) *Minimum financial requirements.* The minimum financial requirements of paragraphs (j) through (n) of this section shall be met by applicants for insurance under Title XI of the act, in addition to any requirement or requirements previously or concurrently imposed and currently required to be maintained under said Title XI or other law or regulation administered by the Secretary, the Maritime Administrator, the Federal Maritime Board or others, or under any covenant or agreement by which the applicant is bound.

§ 298.5 *Additional information; examination of records; inspection of property—(a) Additional information.* The mortgagor, mortgagee, borrower or lender, as the case may be, shall from time to time (both prior to and after the insurance becomes effective) furnish to the Secretary, promptly upon his request, such reasonable, material and pertinent reports, evidence, proof or information, in addition to that furnished in the application or otherwise available to the Secretary, bearing on the eligibility of the mortgage or loan, the economic soundness of the property or project, and other matters pertaining to the mortgage or loan and the insurance thereof by the Secretary, as the Secretary may reasonably deem necessary or appropriate in connection with the performance of his duties and functions under Title XI of the act.

(b) *Examination of mortgagor's or borrower's records.* The mortgagor or borrower, as the case may be (and each related company in specific cases as required by the Secretary), shall from time to time (both prior to and after the insurance becomes effective) permit the Secretary, upon his request, to make such reasonable, material and pertinent examination and audit of its books, records and accounts, and to take such information therefrom and make such transcripts or copies thereof, as the Secretary may reasonably deem necessary or appropriate in connection with the performance of his duties and functions under Title XI of the act.

(c) *Examination of mortgagee's or lender's records.* The mortgagee or lender, as the case may be, shall from time to time (both prior to and after the insurance becomes effective) permit the Secretary, upon his request, to make such reasonable, material and pertinent examination and audit of its records and books of account pertaining to the mortgage or loan and the obligations secured

by the mortgage or evidencing the loan and the commitment to insure and/or insurance contract, and to take such information therefrom and make such transcripts or copies thereof as the Secretary may reasonably deem necessary or appropriate in connection with the performance of his duties and functions under Title XI of the act.

(d) *Inspection of property.* The Secretary shall have access at all reasonable times to all vessels and other property with respect to which the mortgage or loan is or is intended to be executed or made for the purpose of making such inspection as he may deem necessary or appropriate in connection with the performance of his duties and functions under Title XI of the act.

(e) *Provisions to be included in documents.* Provisions to implement the matters referred to in paragraphs (a), (b), (c) and (d) of this section shall be included in the commitment or commitments to insure, the insurance contract or contracts, the loan agreement, the mortgage and/or the shipyard contract as may be appropriate.

§ 298.6 *Prior loans; refinancing—(a) Insurance of mortgages under section 1106 of act.* No mortgage securing a loan or advance made prior to the enactment of Title XI of the act will be insured, and no mortgage will be insured for refinancing in whole or in part any existing mortgage indebtedness except as provided in section 1106 of the act. The insurance of a mortgage for refinancing in whole or in part an insured loan secured by a chattel mortgage shall not be considered as prohibited by section 1106 of the act or by the preceding sentence. In the case of mortgages insured under said section 1106, the principal amounts of such mortgages, the eligibility requirements of such mortgages, the amounts of insurance, the limits on insurance payable by the Secretary, and other terms, to the extent not specified in the act or the regulations in this part, shall be as determined or approved by the Secretary.

(b) *Inclusion of existing mortgage under section 1106 (1) of act.* In the case of any mortgage insured for refinancing an existing purchase money mortgage indebtedness under section 1106 (1) of the act, the amount of the mortgage may, subject to the approval of the Secretary, include the unpaid principal balance of the existing mortgage (not to exceed 75 per centum of the purchase price of the vessel or 75 per centum of the Secretary's determination of the fair and reasonable value of the vessel, whichever is the lesser) if the vessel covered thereby is a comparatively new vessel, as determined by the Secretary, purchased by the mortgagor.

§ 298.7 *Actual cost; maximum insurance payable—(a) When determined.* Actual cost for the purpose of loan insurance shall be determined by the Secretary in accordance with sections 1101 (f) and 1104 (b) (4) of the act and § 298.2 (k) prior to the making of an advance under the loan and the execution of the contract of insurance. Such determination may be revised by the

Secretary at any time during the period of construction, reconstruction or reconditioning. Actual cost for the purpose of mortgage insurance shall be determined by the Secretary in accordance with sections 1101 (f) and 1104 (a) (2) of the act and § 298.2 (m) prior to the execution, delivery and recordation of the mortgage and the execution of the contract of insurance. If the insurance contract is prepared and entered into on the basis of an advance determination of the maximum insurance payable, such maximum insurance payable shall be determined by the Secretary in lieu of actual cost in accordance with the proviso to the definition of the term "actual cost" in section 1101 (f) of the act and § 298.2 (l) or (n), as the case may be (and, if applicable, paragraph (b) of this section), at or prior to the time the contract of insurance is entered into.

(b) *Limitation on insurance payable.* The Secretary shall not in any event pay as insurance under Title XI of the act in respect of the unpaid principal amount of a loan or mortgage an amount in excess of that permitted under the proviso to the definition of the term "actual cost" in section 1101 (f) of the act, determined in accordance with said section 1101 (f) and with § 298.2 (l) or (n), as the case may be. The maximum insurance payable as aforesaid may include the unpaid principal balance of an existing mortgage covering a comparatively new vessel purchased by the mortgagor and included, in accordance with § 298.6, (b), in a mortgage insured for refinancing under section 1106 (1) of the act.

(c) *Mortgage generally insured on basis of maximum insurance payable.* Generally, a mortgage shall be insured on the basis of an advance determination of maximum insurance payable, determined as provided in paragraph (b) of this section. However, a mortgage will be insured by the Secretary on the basis of a determination of actual cost under paragraph (a) of this section based on amounts obligated to be paid as well as amounts paid, provided (1) the mortgagor shall have otherwise met all requirements of the act and the regulations in this part and any additional requirements imposed by the Secretary, (2) funds of the mortgagor equal to the mortgagor's share of any amounts included in the Secretary's determination of actual cost but not paid shall have been deposited into an escrow account together with proceeds of the mortgage loan equal to the borrowed portion of said amounts, (3) the documents, shall provide for use of the escrow account for payment of deferred amounts within an agreed period and at the expiration of said period for payment to the mortgagor for reimbursement of itself and to the mortgagee for payment on account of the principal of the obligation or obligations secured by the mortgage, respectively, of the ratable amounts remaining in the escrow account representing funds of the mortgagor and proceeds of the mortgage loan, and (4) the mortgagor shall have prepaid to the mortgagee interest at the mortgage rate on the borrowed portion

of the escrow account for the period allowed for payment of the deferred amounts.

§ 298.8 *Loans; mortgages—(a) Nature of loan; loan agreement.* The loan may be any loan or advance of credit other than a mortgage (excluding chattel mortgage) loan. It shall be upon such terms and conditions as may be agreed upon between the lender and the borrower and approved by the Secretary and not inconsistent with Title XI of the act or the regulations in this part. The loan shall be guaranteed or secured in such manner as may be agreed upon between the lender and borrower and/or other parties and as may be approved by the Secretary and not inconsistent with the act. The terms and conditions of the loan shall be embodied in an appropriate loan agreement as prescribed or approved by the Secretary.

(b) *Nature of mortgage.* The mortgage shall be a preferred mortgage as defined in the Ship Mortgage Act, 1920, as amended, or a mortgage which will become a preferred mortgage when recorded and endorsed as required by the Ship Mortgage Act, 1920, as amended. It shall cover the vessel or vessels whose construction, reconstruction or reconditioning is financed under Title XI of the act and, except as otherwise approved by the Secretary, shall be a first and prior lien on said vessel or vessels. The mortgage shall be as prescribed or approved by the Secretary, and the obligations secured thereby shall be otherwise guaranteed or secured in such manner as may be agreed upon between the mortgagor and mortgagee and/or other parties and as may be approved by the Secretary and not inconsistent with Title XI of the act or the regulations in this part, and the status of the mortgage as a preferred mortgage or as a mortgage which will become a preferred mortgage when recorded and endorsed as required by the Ship Mortgage Act, 1920, as amended, shall be established to the Secretary's satisfaction.

(c) *Required provisions; shipyard and related contracts.* In the case of the insurance of a loan for the construction, reconstruction or reconditioning of a vessel or vessels, or in the case of a commitment to insure a mortgage on a vessel or vessels to be constructed, reconstructed or reconditioned, the terms and conditions for the performance of the work shall be embodied in an appropriate contract or contracts (or specifications thereof) as prescribed or approved by the Secretary. In the case of vessels for which the Government makes payments of national defense features or construction-differential subsidy, such terms and conditions will be those required in connection with such payments. In the case of other vessels, such terms and conditions will include—

(1) Provisions for the furnishing of satisfactory insurance and a satisfactory performance bond by the contractor.

(2) Provisions for the performance of the work substantially in accordance with contract plans and specifications approved by the Secretary; requiring the

approval of the Secretary (to be co-ordinated through the owner but not extending to the adjudication of cost as between the owner and the contractor) of all changes under the contract, such approval to be obtained prior to the commencement of work in the case of any substantial change in the contract plans and specifications or any change in the contract plans and specifications which increases the contract price (except as to the latter where made within any allowance for changes provided in the contract); requiring that the Secretary be furnished the technical data necessary for the approval of changes; and giving the Secretary the right of comment to the owner on working plans during construction in order to properly protect the interests of the Government,

(3) Provision permitting representatives of the Secretary (or an independent naval architect, if approved or required by the Secretary) to have access to the vessel or vessels or other property and to all work being performed by the contractor or contractors at all reasonable times during performance, including but not limited to observing all trials and tests, for the purpose of inspecting and ascertaining that the vessel is being built or has been completed substantially in accordance with contract plans and specifications approved by the Secretary,

(4) Provisions for furnishing to the Secretary (or to an independent naval architect, to the extent directed by the Secretary) two copies of all working plans, schedules and sketches promptly after approval by the owner and the regulatory bodies concerned, two copies of all correspondence between the contractor, owner and/or regulatory bodies pertaining to plan approval and contract changes promptly after the same is issued, one copy of the vessel's certificates and documents, one copy of the approved inclining experiment if conducted, one copy of all trial and test reports, and one cloth process tracing or microfilm of each of the shipyard working plans, and

(5) Provision for payment for the work in accordance with an agreed schedule but not in conflict with the requirements of paragraph (e) of this section; for the certification by a Construction Representative of the Administration or, if the Secretary so approves or requires, by an independent naval architect of the performance of work for which payments are being made and of the performance of such work substantially in accordance with contract plans and specifications approved by the Secretary before each payment is made (except payments representing advance payments from sources other than the loan); and for the vesting of title to the work in the borrower according to payments made subject only to the lien or other rights of the contractor for additional amounts due and unpaid.

(d) *Required provisions; loan agreement and commitment.* The loan agreement or the commitment to insure mortgage, as the case may be, shall contain provisions as determined by the

Secretary to be appropriate in respect of the matters referred to in paragraph (c) of this section and also requiring—

(1) That the borrower's right, title and interest in, to and under the contract or contracts for the construction, reconstruction or reconditioning (including designing, inspecting, outfitting and equipping) of the vessel or vessels shall be assigned to the lender and its assigns, and that such contracts shall not be modified without the prior written consent of the Secretary,

(2) That the borrower or proposed mortgagor, as the case may be, shall cause records to be kept of all amounts paid by or for its account for the construction, reconstruction or reconditioning (including designing, inspecting, outfitting and equipping) of the vessel or vessels, and shall furnish in duplicate to the Secretary, as such payments are made, evidence in the form of signed receipts from the contracting party and executed certificates of payment by the borrower or proposed mortgagor, as the case may be, or other evidence satisfactory to the Secretary, of all such payments, together with executed copies of certificates in respect of performance of work referred to in paragraph (c) (5) of this section and, in the case of an insured loan, executed copies of the covering requisition for payment referred to in subparagraph (3) of this paragraph,

(3) In the case of an insured loan, that payments shall not be advanced by the lender except on receipt of appropriate requisitions for payment from the borrower certified by the borrower and accompanied by certified billings from the contracting party or parties and by executed copies of the certificates in respect of performance of work referred to in paragraph (c) (5) of this section (with the approval of the Secretary endorsed thereon if such certificates are by an independent naval architect), and

(4) That the borrower or proposed mortgagor shall furnish to the Secretary at or immediately prior to the time the mortgage is placed on the vessel a certification by the borrower or proposed mortgagor and a statement by an independent certified accountant or firm of accountants of the total amounts paid or obligated to be paid by or for the account of the borrower or proposed mortgagor for the construction, reconstruction or reconditioning (including designing, inspecting, outfitting and equipping) of the vessel or vessels, together with a breakdown of such totals according to items for which paid or obligated to be paid and accompanied by a certificate by a Construction Representative of the Administration or, if the Secretary so approves or requires, by an independent naval architect that all work has been completed substantially in accordance with the contract plans and specifications approved by the Secretary.

(e) *Provisions for payment of "actual cost".* The loan agreement shall include provisions—

(1) For the payment first, from sources other than the loan, by or for the account of the owner, of not less than 12½ percent of "actual cost" as determined for the purpose of the loan

and, thereafter, when the aggregate of the payment so made from sources other than the loan and the payments made from the loan equals 50 percent of said "actual cost" (and before any additional payments are made from the loan), a further payment from sources other than the loan in such additional amount as will make the total of such payments equal not less than 25 percent of said "actual cost", and for payment on the same basis in connection with any increase in the previously determined "actual cost", and

(2) For payments by the lender direct to the shipyard or other contractors except where the payment is for reimbursement of the borrower for amounts expended by or for the account of the borrower on account of "actual cost" (but excluding reimbursement for payments required under subparagraph (1) of this paragraph): *Provided, however,* That no payment shall be made by the lender until work representing 12½ percent of "actual cost" shall have been performed and that payments by the lender shall at no time exceed 75 percent of "actual cost" as represented by work performed to the date of the payment.

(f) *Defaults.* Provisions governing defaults, the rights and obligations of the parties in respect thereto, and other provisions, as appropriate, shall be included in the mortgage or loan agreement, the contract of insurance and/or the commitment to insure. In the case of any default specified in section 1105 (a) (1) or section 1105 (a) (2) of the act, no demand shall be made prior to the expiration of thirty days after the default and then only if there shall have been a failure on the part of the mortgagor or borrower to remove and remedy the default within said thirty days: *Provided, however,* That this requirement shall be inapplicable if the Secretary shall have given notice of his intention to terminate the contract of insurance in accordance with said section 1105 (a) (1) or section 1105 (a) (2), as the case may be. Neither the mortgage nor the loan agreement shall impair the right of the mortgagor or borrower to remedy and remove any default within thirty days after the default, and in no event shall an obligation be imposed on the mortgagor or borrower to pay accelerated principal or increased interest without the prior written consent of the Secretary.

(g) *Covenants to Secretary; optional termination of insurance.* The loan agreement and the mortgage shall provide that any default arising under the loan agreement or the mortgage solely by reason of the failure of the borrower or mortgagor to perform an obligation to the Secretary thereunder (where such obligation runs only to the Secretary or, if a joint obligation to the Secretary and the lender or mortgagee, where such obligation has been satisfied as to the lender or mortgagee) shall not constitute a default except with the prior written approval of the Secretary. The contract of insurance shall also provide for the termination of insurance at the option of the Secretary for the failure of the lender or mortgagee, as the case may be,

to pay premiums received from the borrower or mortgagor and due under the contract of insurance, after written demand therefor by the Secretary, or to perform and comply with specified conditions and covenants of the contract of insurance, after notice of breach is given by the Secretary.

(h) *Maintenance, insurance and operation of vessels; other covenants.* The mortgage shall include provisions, as appropriate, for the maintenance of the vessel or vessels in class, the maintenance of insurance on the vessel or vessels and the operation of the vessel or vessels in approved trade or trades. The mortgage and/or loan agreement shall also include such other covenants by the mortgagor or borrower as the mortgagee or lender and/or the Secretary shall require.

(i) *Financial covenants; general.* The imposition of financial covenants upon the borrower or mortgagor under the circumstances of the particular financing is regarded by the Secretary as the initial responsibility of the lender or mortgagee. If the Secretary finds that the proposed loan agreement and/or mortgage contains provisions (including in the case of a mortgage, provisions in respect of the payment, including accelerated payment, of the mortgage indebtedness and the maintenance of working capital and net worth) adequate to safeguard the interests of the United States, no further conditions will be imposed by the Secretary. However, if the Secretary finds that the loan agreement and/or mortgage does not contain such provisions, then the Secretary will require the inclusion of provisions deemed by him to be adequate for this purpose. These will include provisions as specified in paragraphs (j), (k) and (l) of this section or such further or alternate provisions as the Secretary may deem appropriate in the particular case, such as provisions relating to payment of the mortgage indebtedness, payment of crews' wages when due and additional provisions in respect of maintenance of working capital and net worth.

(j) *Reserve fund.* In the case of a mortgage given by a mortgagor who does not hold an operating-differential subsidy agreement and if the Secretary finds that the mortgage does not contain provisions adequate to safeguard the interests of the United States, the mortgage shall include a requirement that the net income of the mortgaged vessel or vessels for each fiscal year of the mortgagor (after all applicable costs and expenses, including reasonable allocation of overhead and provision for Federal income taxes, but before provision for depreciation) determined in accordance with the system of accounts prescribed in General Order 22 (Revised), as amended (Part 282 of this chapter) to the extent applicable, and to the extent not applicable, in accordance with sound accounting principles, be treated or applied, within 120 days after the end of each fiscal year, as follows (in the order named and to the extent available):

(1) First there shall be deducted an amount equal to the principal amount of the obligation or obligations secured by

the mortgage or mortgages, as the case may be, on the vessel or vessels required to be paid by the mortgagor during such fiscal year (other than from the fund referred to in subparagraph (2) of this paragraph), plus an amount (to be specified in the mortgage) representing a reasonable return on the greater of (i) the mortgagor's investment in the vessel or vessels (and related necessary fixed assets as approved by the Secretary) at the time of execution of the mortgage exclusive of all borrowed capital or (ii) the sum of subparagraphs (1) and (2) of § 298.4 (n);

(2) If any balance remains, an amount equal to one year's pro rata share of the original principal amount of the obligation or obligations secured by the mortgage or mortgages, as the case may be, on the vessel or vessels shall be deposited by the mortgagor into a fund satisfactory to the Secretary, the withdrawal from which shall require the countersignature of the Secretary but whose countersignature shall not be withheld if the disbursement is being made for any purpose authorized by the terms of the mortgage or otherwise approved by the Secretary; and

(3) If any balance remains, an amount equal to 50 per centum thereof shall be deposited into the fund referred to in subparagraph (2) of this paragraph, subject to withdrawal as therein provided.

Any balance in the fund referred to in subparagraphs (2) and (3) of this paragraph, whether cash, securities or obligations, shall constitute and be held as collateral for the obligation or obligations secured by the mortgage.

(k) *Covenants regarding working capital and net worth.* In the case of a mortgage given by a mortgagor who does not hold an operating-differential subsidy agreement and if the Secretary finds that the mortgage does not contain provisions adequate to safeguard the interests of the United States, the mortgage shall include a requirement that so long as the obligation or obligations secured by the mortgage shall remain unpaid,

(1) No capital shall be withdrawn;

(2) No share capital shall be redeemed or converted into debt;

(3) No dividend shall be paid;

(4) No loan or advance (except advances to cover current expenses of the mortgagor) shall be made, either directly or indirectly, to any stockholder, director, officer, or employee of the mortgagor or to any related company;

(5) No investment shall be made in the securities of any related company;

(6) No indebtedness to any stockholder, director, officer, or employee of the mortgagor or to any related company existing on the date of execution and delivery of the mortgage and having a stated maturity of more than one year from such date, shall be repaid in whole or in part;

(7) No salary (including the value or amount of any bonus, commission or other form of direct compensation) at a rate in excess of \$25,000.00 per annum shall be paid; and

(8) No fixed assets shall be acquired other than those required for the normal maintenance and operation of any vessel or vessels owned by the mortgagor;

if, after such transaction or transactions and after excluding any amount or amounts otherwise required to be maintained or set aside by the mortgagor for other purposes pursuant to any law or regulation or any covenant or agreement by which the mortgagor is bound, the amount of the mortgagor's working capital (determined in accordance with generally accepted accounting principles) would be less than the sum of subdivisions (i), (ii), (iii) and (iv) of § 298.4 (k) (9), or the amount of the mortgagor's net worth (defined in § 298.4 (n)) would be less than the minimum stated in § 298.4 (n) or (if said net worth shall be in excess of the then outstanding principal balance of the mortgage by more than 10 per centum) an amount equal to 110 per centum of the principal balance of the mortgage from time to time outstanding, provided that the mortgagor shall have requested and the Secretary shall have given his prior written consent to a reduction to the latter amount.

(l) *Covenant regarding termination of subsidy agreement.* In the case of a mortgage given by a mortgagor who holds an operating-differential subsidy agreement and if the Secretary finds that the mortgage does not contain provisions adequate to safeguard the interests of the United States, the mortgage shall include a requirement that the termination or expiration of the operating-differential subsidy agreement when not immediately replaced (without interval) by another operating-differential subsidy agreement shall be an event of default under the mortgage.

(m) *Provisions in case of multiple vessels.* When the property with respect to which the mortgage or loan is executed or made consists of two or more vessels or other units, the mortgage or loan agreement, the commitment to insure and/or the contract of insurance shall contain provisions as appropriate, setting forth the extent to which the same shall be effective and other related matters in the event less than all of said vessels or units shall have, during the continuance of the commitment to insure or of the insurance, become the subject of actual or constructive total loss, been requisitioned for title, or been sold or otherwise disposed of.

(n) *Other required provisions.* Provisions with respect to—

(1) The amendment or supplementation of the mortgage and the obligations secured thereby or the insured loan and the obligations evidencing such loan, including all documents in connection therewith, and the waiver of or consent to defaults of the mortgagor or borrower thereunder,

(2) The release or compromise of claims under the mortgage or loan agreement against the mortgagor or borrower,

(3) The sale, assignment or transfer of the mortgage or loan agreement and the obligations secured by the mortgage or evidencing the loan or the vessel or vessels or other property with respect to

which the mortgage or loan is executed or made, or the mortgage or charter of said vessel or vessels or other property,

(4) The enforcement or exercise by the mortgagee or lender of any right, power or remedy pursuant to the mortgage or the loan agreement,

(5) The consent by the Secretary to any of the foregoing,

(6) The furnishing by the lender or mortgagee to the Secretary, at the time of each advance under the loan or mortgage, of a statement, in duplicate, of the amount of the advance, the date of such advance, and the total amount advanced to date,

(7) The furnishing by the lender or mortgagee to the Secretary, at the time of each payment under the loan or mortgage, of a statement, in duplicate, of the payment made, including the amount applied to the payment of interest, the amount applied to the payment of principal, and the date of application, and

(8) The maintenance of the United States citizenship of the mortgagee,

shall be included in the mortgage or loan agreement, the commitment to insure, the contract of insurance and/or other documents in connection therewith, as may be appropriate. Each successor or assign of the mortgagor, mortgagee, borrower or lender, as the case may be, shall be subject to the eligibility requirements of the act and the regulations in this part and to the approval of the Secretary (except as to the latter, to the extent that advance approval may be provided in any of the aforementioned documents).

(c) *Assignment to Secretary.* In the event an assignment of the mortgage and of the obligations secured by the mortgage or of the loan agreement and the obligations evidencing the loan shall be tendered to the Secretary, the assignment shall be as prescribed or approved by the Secretary and annexed to the contract of insurance, the mortgage of the loan agreement, or the obligations secured by the mortgage or evidencing the loan, as the case may be, and shall be duly executed by or on behalf of the mortgagee or lender and proper evidence of such execution shall accompany the assignment. Such assignment shall include the assignment to the Secretary of all collateral or security for the mortgage or the obligations secured by the mortgage or the loan agreement or the obligations evidencing the loan, as the case may be, and all policies of insurance held by the mortgagee or lender pursuant to the mortgage or loan agreement, as the case may be.

(p) *Restriction on separate collateral.* Unless otherwise approved by the Secretary, the mortgagee or lender shall not at any time require or accept any collateral, security, note(s), obligation(s) or debt(s) in respect of an insured mortgage or loan except such as is subject to assignment to the Secretary upon demand for payment of insurance pursuant to the contract of insurance.

(q) *Interest in excess of 5 percent.* If the mortgage is to secure bonds, notes or other obligations bearing interest (exclusive of premium charges for insurance) at a rate in excess of 5 per centum

per annum on the amount of the unpaid principal, the mortgagor and mortgagee shall furnish the Secretary with evidence showing that in the particular area or under the special circumstances prevailing the mortgage or lending market demands it. The same requirement shall apply to loans with corresponding interest rates.

§ 298.9 *After assignment—(a) Rights of Secretary, mortgagee and mortgagor.* In the event the Secretary shall accept an assignment of a mortgage and the obligation or obligations secured by the mortgage, and any collateral or security therefor and policies of insurance held by the mortgagee pursuant to the mortgage upon the default of the mortgagor pursuant to section 1105 (a) (1) of the act and the contract of insurance—

(1) The Secretary shall have (in addition to such other rights or remedies, if any, as he may have) the right, in his discretion, to take any and all action authorized by sections 1105 (c) (1) and 1105 (d) of the act and, to the extent not in express conflict with the action authorized by said sections 1105 (c) (1) and 1105 (d), or with this section, any and all action provided for in or authorized or permitted by or in respect of the mortgage and the obligation or obligations secured by the mortgage, and any collateral or security therefor and policies of insurance maintained by the mortgagor pursuant to the mortgage (including all action provided for in or authorized or permitted by or in respect of any or all said documents by the mortgagee, by the Secretary, or by the Secretary as assignee of the mortgagee); and the interest of the Secretary as the insurer of the mortgage and as assignee of the mortgagee, including his interest for the purpose of asserting, pursuing or enforcing said rights and remedies, shall be as provided in paragraph (c) of this section;

(2) In the event of an actual or constructive total loss or an agreed or compromised total loss or a requisition of title to or use of the vessel or vessels (or any of them) or other property covered by the mortgage, all insurance or other payments therefor shall be paid to the Secretary and shall be applied by the Secretary in accordance with the interest of the Secretary as provided in paragraph (c) of this section and, if any balance remains, in accordance with the interest of the mortgagor (or other party in interest) as provided in paragraph (d) of this section;

(3) The Secretary shall have the right to pursue to final collection all claims arising under or in respect of the mortgage or the obligation or obligations secured thereby, or any collateral or security therefor or policies of insurance maintained by the mortgagor pursuant to the mortgage, against the mortgagor or other parties liable thereunder;

(4) The mortgagee shall have no further rights or remedies under or in respect of, or interest in, the mortgage or the obligation or obligations secured thereby, or any collateral or security therefor or policies of insurance maintained by the mortgagor pursuant to the mortgage, or the contract of insurance,

or the vessel or vessels or other property covered by the mortgage, or any cash, securities or other property which may at any time be collected, received, realized or held by or for the Secretary (or others) in respect thereof, but the mortgagee shall remain obligated to comply with the provisions of section 1105 (c) (1) of the act applicable to mortgagees; and

(2) In the event of an actual or constructive total loss or an agreed or compromised total loss or a requisition of

title to or use of the vessel or vessels (or any of them) or other property in respect of which the loan is made, all insurance or other payments therefor shall be paid to the Secretary and shall be applied by the Secretary in accordance with the interest of the Secretary as provided in paragraph (c) of this section and, if any balance remains, in accordance with the interest of the borrower (or other party in interest) as provided in paragraph (d) of this section;

(3) The Secretary shall have the right to pursue to final collection all claims arising under or in respect of the loan agreement or the obligation or obligations evidencing the loan, or any collateral or security therefor or policies of insurance maintained by the borrower pursuant to the loan agreement, against the borrower or other parties liable thereunder;

(4) The lender shall have no further rights or remedies under or in respect of, or interest in, the loan agreement or the obligation or obligations evidencing the loan, or any collateral or security therefor or policies of insurance maintained by the borrower pursuant to the loan agreement, or the contract of insurance, or the vessel or vessels or other property in respect of which the loan is made, or any cash, securities or other property which may at any time be collected, received, realized or held by or for the Secretary (or others) in respect thereof, but the lender shall remain obligated to comply with the provisions of section 1105 (c) (2) of the act applicable to lenders; and

(5) The borrower (or other party in interest) shall have (in addition to such other rights or remedies, if any, as it may have) such rights as are provided for the borrower (or other party in interest) in sections 1105 (c) (2) and 1105 (d) of the act and, to the extent not in express conflict with said sections 1105 (c) (2) and 1105 (d), or with this section, in the loan agreement and the obligation or obligations evidencing the loan, and any collateral or security therefor and policies of insurance maintained by the borrower pursuant to the loan agreement; and the interest of the borrower (or other party in interest), including its interest for the purpose of asserting, pursuing or enforcing said rights and remedies, shall be as provided in paragraph (d) of this section: *Provided, however*, That the rights and interest of the borrower (or other party in interest) shall at all times be subordinate to, and not in derogation of, the rights and interest of the Secretary, and that all property purchased by the Secretary at foreclosure proceedings or other public sale shall be free of any rights or interest of the borrower (or other party in interest).

after deducting therefrom all cash payments theretofore made to the Secretary on account of said items; and such interest shall be discharged and satisfied in

full before discharging and satisfying any interest of the mortgagor or borrower (or other party in interest).

(d) *Interest of mortgagor or borrower (or other party in interest).* The interest of the mortgagor or borrower (or other party in interest), including its interest for the purpose of asserting, pursuing or enforcing any or all of the rights stated in paragraphs (a) (5) and (b) (5) of this section, in the mortgage or loan agreement and the obligation or obligations secured by the mortgage or evidencing the loan, as the case may be, the collateral or security for the mortgage or loan agreement or the obligation or obligations secured by the mortgage or evidencing the loan, as the case may be, the policies of insurance maintained by the mortgagor or borrower pursuant to the mortgage or loan agreement, as the case may be, the vessel or vessels or other property covered by the mortgage or in respect of which the loan is made, as the case may be, and any cash, securities or other property (other than property purchased by the Secretary at foreclosure proceedings or other public sale and any payments or receipts for the requisition, sale, charter, operation or other use or disposition of any such property, all of which property, payments or receipts shall as stated above belong to and vest exclusively in the Secretary) which may at any time be collected, received, realized or held by or for the Secretary (or others) in respect thereof (including payments referred to in paragraphs (a) (2) and (b) (2) of this section), shall be a residual interest after full discharge and satisfaction of the interest of the Secretary as provided in paragraph (c) of this section, and the Secretary shall pay or otherwise account therefor to the mortgagor or borrower (or other party in interest) as he deems proper, but without liability for so doing.

§ 298.10 *Premium charges—(a) Rates.* Premium charges for the insurance of mortgages and loans under Title XI of the act shall be payable at rates as fixed by the Secretary and as set forth in the respective commitments to insure and/or contracts of insurance. Such rates in the case of mortgages insured under section 1103 (a) and loans insured under section 1103 (b) shall be within the maximum and minimum rates prescribed by section 1104 (d) of the act. The maximum and minimum rates applicable to insurance of mortgages under section 1106 shall not be less than those for mortgages insured under section 1103 (a) of the act.

(b) *Computation.* Premium charges shall be computed on the average principal amount of the mortgage or loan to be outstanding during the annual period covered by said premium charges. In the case of a loan, the computation of average principal amount to be outstanding shall take into account all advances to be made under the loan during the annual period. In the case of a mortgage, the computation of average principal amount to be outstanding shall take into account all fixed payments required under the mortgage.

(c) *Reduction and increase.* Premium charges shall be subject to reduction for erroneous calculations, for advances overestimated, for voluntary prepayments made under the mortgage or the loan agreement, and for extraordinary payments made under the mortgage or the loan agreement, such as proceeds of insurance upon total loss applied in reduction of principal and additional payments contingent on earnings. Premium charges shall be subject to increase for erroneous calculations, for advances underestimated and for fixed payments required under the mortgage or the loan agreement which are delinquent.

(d) *Time of payment.* Premium charges shall be paid to the Secretary by the mortgagee or lender annually in advance, the first such premium charge to be paid at the time of the execution and delivery of the contract of insurance, and each subsequent premium charge to be paid on or before each succeeding anniversary date. In the event that the Secretary at any time determines that the amount of any premium charge is not correct, he shall promptly give notice thereof to the mortgagee or lender and mortgagor or borrower, as the case may be, specifying the correct amount, the basis of computation thereof, and the amount of the deficiency or excess. The mortgagee or lender, as the case may be, shall within thirty days after receipt of said notice pay or cause to be paid to the Secretary the amount of any deficiency. The Secretary shall promptly refund to the mortgagee or lender the amount of any excess.

(e) *Provisions for payment by mortgagor or borrower.* The mortgage or the loan agreement, as the case may be, shall provide (1) that the mortgagor or borrower shall pay to the mortgagee or lender the amount required for the payment of each premium charge at least sixty days before the payment of such charge of the Secretary is due (except for the first payment which shall be made not later than the time of execution and delivery of the contract of insurance and for any deficient premium charge which shall be paid not later than fifteen days before such payment is due by the mortgagee or lender to the Secretary), and (2) that the failure of the mortgagor or borrower to make such payment shall be a default under the mortgage or shall give the lender the right to mature the loan, as the case may be.

(f) *Provisions for payment by mortgagee or lender.* The contract of insurance shall require the mortgagee or lender to pay premium charges to the Secretary when due (subject to such period of grace as may be provided in the contract of insurance), but only to the extent received from the mortgagor or borrower.

(g) *Manner and place of payment.* Unless otherwise specified by the Secretary, all premium charges may be paid by check (which need not be certified) payable to "Maritime Adm.—Commerce", delivered in person or sent

through the mails to the Maritime Administration, Washington 25, D. C., accompanied by a letter stating that the payment is of a premium charge under the contract of insurance and specifying the period covered by the payment.

(h) *Premiums earned when paid.* Each premium charge shall be deemed to be fully earned when paid and no refund will be made by the Secretary of any premium charge paid in the event the insurance shall terminate: *Provided, however,* That if the insurance shall terminate by reason of payment in full of the obligation or obligations secured by the mortgage or evidencing the loan, or if the insurance shall terminate prior to any advance under the mortgage or loan, any premium charge paid shall be subject to reduction as provided in paragraph (c) of this section and refund as provided in paragraph (d) of this section.

§ 298.11 *Applicability of the regulations in this part—(a) Applicable generally; exceptions.* The regulations in this part shall be applicable to all applications for insurance, commitments to insure and contracts of insurance (except as to the latter where entered into pursuant to a prior commitment) made, issued or entered into after the effective date hereof, and all mortgages and loans covered thereby, except as may be otherwise required or approved by the Secretary and provided in said applications, commitments, contracts, mortgages and/or loans (including as to the latter, the loan agreements).

(b) *Prior regulations superseded.* The regulations in this part supersede Part 296 of this title and General Order No. 29 (as amended) dated April 13, 1939 (4 F. R. 1621) as of the effective date hereof, but shall not affect any commitment to insure or contract of insurance issued or entered into prior to said effective date, or any mortgage or loan covered thereby, including the provisions of any rules and regulations forming a part of or otherwise applicable to any such commitment, contract, mortgage or loan.

(c) *Future amendments.* The regulations in this part may be amended by the Secretary at any time. No such amendment shall affect any commitment to insure or contract of insurance theretofore issued or entered into or any mortgage or loan covered thereby, including the provisions of any rules and regulations forming a part of or otherwise applicable to any such commitment, contract, mortgage or loan, but all such amendments shall be effective as to any application for insurance, commitment to insure or contract of insurance (except as to the latter where entered into pursuant to a prior commitment) made, issued or entered into after the effective date thereof, and any mortgage or loan covered thereby, except as may be otherwise required or approved by the Secretary and provided in said application, commitment, contract, mortgage and/or loan (including as to the latter, the loan agreement).

(d) *Applicability to United States.* Nothing in the regulations in this part

shall be deemed to impose any obligation on the United States, the Secretary or the Administration in addition to those contained in Title XI of the act or other provisions of law or the contracts or commitments entered into under the authority of said Title XI.

Effective date. The regulations in this part shall be effective 30 days after publication in the FEDERAL REGISTER.

FURTHER EXTENSION OF TIME FOR FILING VIEWS AND COMMENTS ON PROPOSAL TO ESTABLISH DEFINITIONS AND STANDARDS OF IDENTITY FOR CERTAIN TYPES OF FROZEN CONCENTRATES FOR LEMONADE

By a notice published in the FEDERAL REGISTER of December 13, 1957 (22 F. FEDERAL COMMUNICATIONS COMMISSION

[47 CFR Part 3]

[Docket No. 12268]

TELEVISION BROADCAST STATIONS, WALLA WALLA, WASH.

ORDER EXTENDING TIME FOR FILING COMMENTS

In the matter of amendment of § 3.606 *Table of assignments*, television broadcast stations (Walla Walla, Washington), Docket No. 12268.

1. The Commission has before it for consideration a petition filed January

15, 1958, by John M. Carroll, tr/as Umatilla Broadcasting Enterprises, licensee of standard broadcast Station KUBE, Pendleton, Oregon, requesting the Commission to extend the time for filing comments in the above-entitled proceeding from January 15, 1958, to February 15, 1958.

2. Petitioner alleges that it is interested in providing television service in the area affected by the instant proposal (to delete two VHF channels from Walla Walla, Washington) and is in the process of having engineering studies made with respect to coverage factors and technical requirements involved in bringing service to the area. Petitioner asserts that due to prior commitments, its consulting engineer has been unable to complete his work on this matter, and that additional time is needed to prepare and file comments.

3. The Commission is of the view that, while the requested extension of 30 days for filing comments would unduly delay the proceeding, petitioner has averred sufficient reasons to warrant an extension for 15 days. The Commission is of the view that the public interest, convenience and necessity would be served by extending the time for filing comments in this proceeding until January 30, 1958.

4. In view of the foregoing, *It is ordered*, That the petition of John M. Carroll, tr/as Umatilla Broadcasting Enterprises, is granted in part; that the time for filing comments in the above-entitled proceeding, is extended from January 15, 1958 to January 30, 1958; and that the time for filing reply comments is extended from January 25, 1958, to February 10, 1958.

Adopted: January 16, 1958.

Released: January 17, 1958.

TELEVISION BROADCAST STATIONS, MARINETTE-GREEN BAY, WIS.

ORDER EXTENDING TIME FOR FILING COMMENTS

In the matter of amendment of § 3.606, *Table of assignments*, television broad-

cast stations. (Marinette-Green Bay, Wisconsin), Docket No. 12254.

1. The Commission has before it for consideration a Motion filed January 14, 1958, by M & M Broadcasting Company, Inc., licensee of Station WMBV-TV, Marinette, Wisconsin, requesting the Commission to extend the time for filing comments in the above-entitled proceeding from January 20, 1958, to February 28, 1958.

2. In support of its request movant asserts that on January 8, 1958, an application was filed to transfer control of Station WMBV-TV from the existing stockholders of movant to certain other parties; that this application also reflects other subsidiary or ancillary agreements concerning proposed ownership of Station WMBV-TV; that in light of the recent filing of this application and its pendency before the Commission, movant now needs additional time for filing comments in the rule making proceeding in order that it may complete its restudy of the situation in light of changed circumstances.

3. Movant states that one of the two parties who has indicated interest in this proceeding, Norbertine Fathers, has consented to the grant of the instant Motion; that the other party, Valley Telecasting Company, while not consenting to a grant of the instant Motion, has nevertheless agreed to an early disposition of the Motion and to this extent has agreed to waive the requirements of § 1.730 of the Commission's rules.

4. The Commission is of the view that the public interest, convenience and necessity would be served by the extending the time for filing comments in this proceeding.

5. In view of the foregoing, *It is ordered*, That the Motion of M & M Broadcasting Company, Inc., is granted; the time for filing comments in the above-entitled proceeding, is extended, from January 20, 1958, to February 28, 1958, and the time for filing reply comments, is extended from January 30, 1958, to March 10, 1958.

Adopted: January 16, 1958.

Released: January 17, 1958.

OPERATION OF LOW POWER TELEVISION BROADCAST REPEATER STATIONS

ORDER EXTENDING TIME FOR FILING COMMENTS

In the matter of amendment of Part 4 of the Commission's Rules and Regulations to permit the operation of Low Power Television Broadcast Repeater Stations, Docket No. 12116.

The Commission has before it for consideration a petition filed January 10, 1958, by National Community Television

Association, Inc., requesting that the time for filing comments in the above-entitled proceeding be extended for a period of two days, or from January 15, 1958, to January 17, 1958.

Petitioner states that the requested postponement is occasioned by the fact that certain maps, charts and pictorial exhibits prepared by a consulting engineer in Missoula, Montana, for inclusion in petitioner's engineering report to accompany its comments were inadvertently shipped by railway express in lieu of air express; that the exhibits would therefore not reach Washington, D. C. before Monday, January 13, 1958; and that an additional two days will be re-

quired by a printer in Washington to print and bind all of petitioner's comments, including its engineering reports.

Petitioner asserts that a principal proponent of the service proposed in the above-entitled proceeding, Colorado Television Repeater Association, consents to the requested continuance.

The Commission is of the view that the public interest, convenience and necessity would be served by extending the time for filing comments and reply comments in the above-entitled proceeding.

In view of the foregoing, *It is ordered*, That the petition of National Community Television Association, Inc., is

granted; the time for filing comments in the above-entitled proceeding is extended from January 15, 1958, to January 17, 1958; and the time for filing reply comments in the said proceeding, is extended from February 14, 1958, to February 17, 1958.

Adopted: January 13, 1958.

Released: January 14, 1958.

In re applications of Knorr Broadcasting Corporation, Lansing, Michigan; Docket No. 11710, File No. BP-10391; Capitol Broadcasting Company, East Lansing, Michigan; Docket No. 11848 File No. BP-10604; W. A. Pomeroy, Tawas City-East Tawas, Michigan; Docket No. 11849, File No. BP-10629; for construction permits.

The Hearing Examiner having under consideration a motion filed January 13, 1958, on behalf of Capitol Broadcasting Company, requesting that a prehearing conference be scheduled at 2:00 p.m. on Friday, January 24, 1958; and

It appearing therein that W. A. Pomeroy and counsel for all other parties have informally consented to a grant of the motion and that the granting there-

of and the scheduling of a prehearing conference will conduce to the orderly dispatch of the Commission's business; now therefore,

It is ordered, This 14th day of January 1958, that the above motion is granted, and that, pursuant to §§ 1.813 and 1.841 of the Commission's rules, the parties or their attorneys shall appear at the offices of the Commission in Washington, D. C., at 2:00 p.m. on Friday, January 24, 1958 for a prehearing conference to consider:

1. The necessity or desirability of simplification, clarification, amplification, or limitation of the issues;

2. The possibility of stipulating with respect to facts;

3. The schedule and procedures to be followed prior to and at the hearing;

4. The limitation of the number of witnesses;

BIRNEY IMES, JR. (WMOX) AND MISSISSIPPI BROADCASTING CO.

ORDER FOLLOWING SECOND PRE-HEARING CONFERENCE (CONTINUING HEARING)

In re applications of Birney Imes, Jr. (WMOX), Meridian, Mississippi; Docket No. 11880, File No. BP-10163; Mississippi Broadcasting Company, Carthage, Mississippi; Docket No. 11881, File No. BP-10637; for construction permits.

1. Pursuant to an appropriate order of the Commission, a further pre-hearing conference in the above-entitled proceeding was held January 8, 1958. Counsel representing both applicants and the Chief, Broadcast Bureau, were present and participated. Pursuant to an order dated October 18, 1957, which reflected agreements reached at a prior pre-hearing conference, certain exhibits to be offered in evidence in this proceeding have been exchanged. The pre-hearing conference of January 8, 1958, was called to reach agreements concerning certain of these exhibits and to identify the person or persons to be called for the evidentiary hearing.

2. It was agreed at the hearing conference that the several engineering exhibits exchanged by the applicants in response to Issues 1, 2 and 3 may be offered in evidence without the necessity of calling the engineers who prepared the exhibits as there will be no need to cross-examine the engineers concerning these exhibits.

3. It was also agreed that Mississippi Broadcasting Company, if it desires, may prepare and introduce in evidence an

exhibit showing possible interference to the station proposed by Birney Imes, Jr., if and when Station CMBQ, Havana, Cuba, seeks to operate with maximum power permitted by the North American Regional Broadcasting Agreement. It was agreed also that if such exhibit is to be offered in evidence, it will be exchanged with the other parties on or before January 24, 1958.

4. It appears from an examination of the exhibits offered by Mississippi Broadcasting Company in response to Issue 4 that such exhibits are not complete in that they fail to include a statistical analysis of the programs. Issue 4 contemplates, among other things, a showing of the percentage of time to be devoted to live programming and wire programming. The exhibits also fail to contain sufficient detailed information to enable the parties to determine what staff member or members will be available to operate the station in the manner proposed in its application.

5. It appears from the exhibits offered by Mississippi Broadcasting Company that seven individuals and groups are expected to participate actively in the origination and presentation of a substantial number of live programs which this applicant proposes to broadcast. Counsel for Birney Imes, Jr. and the Chief, Broadcast Bureau desire to cross-examine these witnesses with respect to such participation. Mississippi Broadcasting Company will have available for cross-examination at the evidentiary hearing the proposed general manager and such of the seven persons or groups referred to above who are to participate actively in the organization, preparation and presentation of programs to be broadcast.

6. It also appeared at the hearing conference that it would be a hardship on Mississippi Broadcasting Company to require that applicant to go to hearing on January 14, 1958, the date then scheduled, but that the date of February 5, 1958, would be satisfactory to all parties.

It is ordered, This the 14th day of January 1958, that pursuant to agreements and rulings reached at the pre-hearing conference on January 8, 1958, engineering exhibits previously exchanged by the parties in response to Issues 1, 2, and 3 may be offered in evidence without the necessity of calling an engineering witness to identify the exhibits or to be available for cross-examination thereon; and that Mississippi Broadcasting Company, if it desires, may exchange with the other parties, on or before January 24, 1958, a rebuttal engineering exhibit to be offered in evidence showing the possible interference to the station proposed by Birney Imes, Jr., should Station CMBQ, Havana, Cuba, operate with the maximum power and directive antenna permitted by the North American Regional Broadcasting Agreement;

It is further ordered, That Mississippi Broadcasting Company will prepare a statistical analysis of its proposed programming and make such analysis available to the other parties to the proceeding at least five days prior to the start of the evidentiary hearing;

It is further ordered, That the evidentiary hearing scheduled to begin on January 14, 1958 is continued to February 5, 1958.

Released: January 15, 1958.

SECOND STATEMENT CONCERNING PRE-HEARING CONFERENCES AND ORDER SCHEDULING HEARING

In re applications of Broadcasters, Inc., South Plainfield, New Jersey; Docket No. 12037, File No. BP-10587; Eastern Broadcasting Company, Inc. (WDRF), Chester, Pennsylvania; Docket No. 12038, File No. BP-10722; Tri-County Broadcasting Corp., Plainfield, New Jersey; Docket No. 12039, File No. BP-10878; for construction permits.

The third pre-hearing conference was held herein on December 19, 1957. All parties were represented by counsel. Agreements were reached among the parties and were stated on the record, as reflected in the transcript which is incorporated herein by reference. Such agreements are found to be acceptable and approved by the Hearing Examiner. They included the following:

1. All parties agreed that this proceeding, having begun under the provisions of § 1.841 of Part I of the Commission's rules as then effective, which provide for a mandatory written direct case, should continue to be governed by the provisions

of that section, as then effective, rather than by the provisions of the new Part I of the Commission's rules, to become effective February 3, 1958, which permit, but do not require, a written direct case (Tr. 77-8).

2. The direct cases, in written form, shall be prepared as follows:

(a) The testimony of each witness shall be prepared in narrative form and shall be submitted under the affidavit of the particular witness (Tr. 81-2).

(b) All narrative statements (except engineering exhibits) shall be prepared in double-spaced form; each page and each line shall be numbered, and carbon copies shall not be acceptable (Tr. 81-2).

(c) Parties shall be designated by abbreviated names, and use a series of numbers for their exhibits, as follows: Broadcasters, 100-199; Eastern, 200-299; Tri-County, 300-399; Long Island, 400-499; and Commission Counsel, 500-599. Narrative statements shall be numbered in series. An exhibit connected with a narrative statement shall be given the same number as the narrative statement, plus an identifying letter in series, such as "100-A." (Engineering exhibits may vary from this style.) (Tr. 81-2)

3. Where the direct case in written form contains testimony of witnesses whose direct testimony appropriately could have been taken by deposition, parties will not object to taking cross-examination of such witnesses through deposition procedures rather than requiring those witnesses to be brought to Washington (Tr. 82-7).

4. The direct written cases shall be exchanged on or before February 3, 1958 (Tr. 96).

5. On or before February 17, 1958, counsel for each party shall serve upon all other counsel, and furnish the Hearing Examiner, in triplicate, a written statement containing (a) a list of all objections it desires to make to the receipt in evidence of any exhibits or specific portions thereof contained in the direct cases already exchanged, together with a brief statement of the reason for each objection; and (b) list of items of additional information, if any, it requests from other applicants (Tr. 96).

6. On or before February 17, 1958, each party shall serve upon all other parties, and furnish the Hearing Examiner, in triplicate, a notice stating which witnesses it desires to be produced for cross-examination (a) in Washington, or (b) through deposition procedures (Tr. 96).

7. A further pre-hearing conference will be waived unless requested by the parties (Tr. 96).

8. Hearing will begin on February 24, 1958, at 10:00 a. m., at which time each party will offer its direct case in writing (Tr. 96).

9. Witnesses will be heard beginning March 3, 1958 (Tr. 96).

10. In the case of exhibits showing other services available, if there are as many as ten or more services available to 100 percent of an area, a statement identifying these stations will not be objected to even though a map is not presented depicting those contours or the contours of any other stations which serve parts of the area: *Provided, however*, That the parties do not stipulate

that this showing would be sufficient to show that adequate service is present or to satisfy any burden under the issues; nor do they stipulate as to what findings, if any, could be made by virtue of such showing (Tr. 87-96).

It is ordered, This 16th day of January 1958, that the foregoing agreements and requirements shall govern the course of the proceeding to the extent indicated, unless modified by the Hearing Examiner for cause or by the Commission upon review of the Hearing Examiner's ruling.

It is further ordered, That the hearings herein are scheduled for February 24 and March 3, 1958, at 10:00 a. m.

Released: January 17, 1958.

TRANSCONTINENTAL GAS PIPE LINE CORP.
NOTICE OF APPLICATION AND DATE OF HEARING

JANUARY 16, 1958.

Take notice that Transcontinental Gas Pipe Line Corporation (Applicant), a Delaware corporation, having its principal place of business in Houston, Texas, filed on September 9, 1957, an application pursuant to section 7 of the Natural Gas Act for a certificate of public convenience and necessity, authorizing the construction and operation of approximately 2,666 feet of 10-inch lateral line with appurtenant equipment extending in a southwesterly direction from a connection with Applicant's Compressor Station 34, in Cleveland County, North Carolina, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

On October 14, 1957, Applicant filed an amendment to its application, wherein the diameter of the requested lateral is proposed to be increased from 10 inches, as originally applied for, to 12 inches.

In Docket No. G-10000, Applicant was authorized to sell and deliver gas to Carolina Pipe Line Company (Carolina Pipe), at a point on its main system in South Carolina. The proposed lateral line will connect with facilities of Carolina Pipe in Cherokee County, South Carolina.

The cost of the proposed facilities is estimated at \$24,000. Applicant will finance the construction from funds on hand and will be reimbursed subsequently by Carolina Pipe for the full cost of the facilities.

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on February 18, 1958 at 9:30 a. m., e. s. t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D. Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before February 7, 1958. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the immediate decision procedure in cases where a request therefor is made.

[Docket No. G-14250]

ATLANTIC REFINING CO.

ORDER FOR HEARING AND SUSPENDING
PROPOSED CHANGES IN RATES

JANUARY 16, 1958.

The Atlantic Refining Company (Atlantic), on December 19, 1957, tendered for filing proposed changes in its presently effective rate schedules for sales of natural gas subject to the jurisdiction of the Commission. The proposed changes, which constitute increased rates and charges, are contained in the following designated filings:

Description: Notices of changes dated: (1) December 12, 1957; (2) December 12, 1957; (3) December 16, 1957; (4) December 13, 1957; (5) December 12, 1957; (6) December 16, 1957; (7) December 13, 1957.

Purchaser: El Paso Natural Gas Company. Rate schedule designation: (1) Supplement No. 1 to Atlantic's FPC Gas Rate Schedule No. 11; (2) Supplement No. 7 to Atlantic's FPC Gas Rate Schedule No. 29; (3) Supplement No. 3 to Atlantic's FPC Gas Rate Schedule No. 17; (4) Supplement No. 3 to Atlantic's FPC Gas Rate Schedule No. 19; (5) Supplement No. 8 to Atlantic's FPC Gas Rate Schedule No. 20; (6) Supplement No. 5 to Atlantic's FPC Gas Rate Schedule No. 18; (7) Supplement No. 4 to Atlantic's FPC Gas Rate Schedule No. 15.

Effective date: January 19, 1958 (effective date is the first day after expiration of the required thirty days' notice, or the date increase becomes effective under rate schedule, if later).

In support of the proposed favored-nations rate increases, Atlantic cites the pertinent pricing provisions of its contracts. In addition, Atlantic submits a copy of a letter from El Paso Natural Gas Company (El Paso) notifying Atlantic that the contracts under which El Paso purchases gas in the Permian Basin of West Texas and New Mexico provide for an increase in the price of such gas of one cent per Mcf commencing January 1, 1958.

The exact date that the increases would become due under the rate schedules cannot be determined since neither El Paso nor Atlantic have stated which contract or contracts would "trigger" the increases.

The increased rates and charges so proposed have not been shown to be justified, and may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds:

(1) Good cause exists that Atlantic make an early submission of proof or an agreement from the buyer of the date that the suspended rate would have become effective under the terms of the respective rate schedule.

(2) It is necessary and proper in the public interest and to aid in the enforce-

ment of the provisions of the Natural Gas Act that the Commission enter upon a hearing concerning the lawfulness of the said proposed changes, and that the above-designated supplements be suspended and the use thereof deferred as hereinafter ordered.

The Commission orders:

(A) Atlantic to submit, within 15 days from the date of issuance hereof, proof or an agreement from the buyer of the date that the suspended rate would have become effective under the terms of the respective rate schedule.

(B) Pursuant to the authority of the Natural Gas Act, particularly sections 4 and 15 thereof, the Commission's rules of practice and procedure, and the regulations under the Natural Gas Act (18 CFR Ch. I), a public hearing be held upon a date to be fixed by notice from the Secretary concerning the lawfulness of the proposed increased rate and charges contained in the above-designated supplements to Atlantic's rate Schedules.

(C) Pending such hearing and decision thereon, said supplements be and they are each hereby suspended and the use thereof deferred until June 19, 1958, or, if later, until such date that is five months after the date that the escalation provision of the rate schedule becomes operative to permit the proposed increased rate, and until such further time as they are made effective in the manner prescribed by the Natural Gas Act.

(D) Neither the supplements hereby suspended, nor the rate schedules sought to be altered thereby, shall be changed until this proceeding has been disposed of or until the periods of suspension have expired, unless otherwise ordered by the Commission.

(E) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) of the Commission's rules of practice and procedure (18 CFR 1.8 and 1.37 (f)).

By the Commission.

TEXAS Co.

ORDER FOR HEARING AND SUSPENDING
PROPOSED CHANGE IN RATES

JANUARY 16, 1958.

The Texas Company (Texas) on December 18, 1957, tendered for filing a proposed change in its presently effective rate schedule for sales of natural gas subject to the jurisdiction of the Commission. The proposed change, which constitutes an increased rate and charge, is contained in the following designated filing:

Description: Notice of change, undated.

Purchaser: Cities Service Gas Company.

Rate schedule designation: Supplement No. 2 to Texas' FPC Gas Rate Schedule No. 15.

Effective date: February 1, 1958 (effective date is the effective date proposed by Texas, or, the date the "triggering" rate increase of Republic Natural Gas Company, suspended in Docket No. G-13062, is made effective, if later).

In support of the proposed favored-nations rate increase, Texas refers to the pertinent pricing provision of its rate schedule stating that if at any time the purchaser pays a wellhead price for gas purchased from others in the Guymon-Hugoton Field higher than paid Texas, that the price paid Texas shall be increased to coincide with such higher price. Texas submits a copy of a letter from Cities Service Gas Company (Cities Service) to the effect that Cities Service has negotiated an agreement with Republic Natural Gas Company at a rate of 13 cents per Mcf. Texas states that its increased expenses more than justify the requested rate increase and cites increases in wages and the cost of steel. Texas further states that it and other producers currently sell gas in the same field at 15 cents per Mcf to other purchasers and higher prices are being offered for new or additional gas supplies in the area.

The increased rate and charge so proposed has not been shown to be justified, and may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds: It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that the Commission enter upon a hearing concerning the lawfulness of the said proposed change, and that Supplement No. 2 to Texas' FPC Gas Rate Schedule No. 15 be suspended and the use thereof deferred as hereinafter ordered.

The Commission orders:

(A) Pursuant to the authority of the Natural Gas Act, particularly sections 4 and 15 thereof, the Commission's rules of practice and procedure, and the regulations under the Natural Gas Act (18 CFR Ch. I), a public hearing be held upon a date to be fixed by notice from the Secretary concerning the lawfulness of the proposed increased rate and charge contained in Supplement No. 2 to Texas' FPC Gas Rate Schedule No. 15.

(B) Pending such hearing and decision thereon, said supplement be and it is hereby suspended and the use thereof deferred until July 1, 1958, or, if later, until such date as the rate increase of Republic Natural Gas Company, suspended in Docket No. G-13062, is made effective subject to refund, and until such further time as it is made effective in the manner prescribed by the Natural Gas Act.

(C) Neither the supplement hereby suspended, nor the rate schedule sought to be altered thereby, shall be changed until this proceeding has been disposed of or until the period of suspension has expired, unless otherwise ordered by the Commission.

(D) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) of the Commission's rules of prac-

tice and procedure (18 CFR 1.8 and 1.37 (f)).

[Docket No. G-14252]

PAUL P. SCOTT TRUST ET AL.

ORDER FOR HEARING AND SUSPENDING
PROPOSED CHANGE IN RATE

JANUARY 16, 1958.

Paul P. Scott Trust et al. (Respondent), on December 17, 1957, tendered for filing a proposed change in its presently effective rate schedule for the sale of natural gas subject to the jurisdiction of the Commission. The proposed change, which constitutes an increased rate and charge, is contained in the following designated filing:

Description: Notice of change, dated December 12, 1957.

Purchaser: El Paso Natural Gas Company.

Rate schedule designation: Supplement No. 3 to Respondent's FPC Gas Rate Schedule No. 1.

Effective date: January 17, 1958 (effective date is the first day after expiration of the required thirty days' notice).

In support of the proposed rate increase, Respondent states that the increase is justified by the provisions of the contract, that the contract resulted from arm's length negotiations in which the Buyer enjoyed a monopolistic position, and that Respondent would be without effective remedy if the increased rate is suspended because of the small volume involved as compared to the cost to Respondent of a hearing on such matter.

It appears that the proposed increase results from the operation of escalation provisions in the contract but no proof has been submitted as to the date on which such escalation would be effective.

The increased rate and charge so proposed has not been shown to be justified, and may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds:

(1) Good cause exists that Respondent submit within a reasonable time proof of the date upon which the proposed increased rate would become effective under the above-designated rate schedule.

(2) It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that the Commission enter upon a hearing concerning the lawfulness of the said proposed change, and that the above-designated supplement be suspended and the use thereof deferred as hereinafter ordered.

The Commission orders:

(A) Respondent shall submit proof, through agreement with the Buyer or otherwise, of the date that the proposed increased rate would have been effective under the above-designated rate schedule.

(B) Pursuant to the authority of the Natural Gas Act, particularly sections 4 and 15 thereof, the Commission's rules of practice and procedure, and the regulations under the Natural Gas Act (18 CFR Ch. I), a public hearing be held upon a date to be fixed by notice from the Secretary concerning the lawfulness of the proposed increased rate and charge contained in said supplement to Respondent's rate schedule.

(C) Pending such hearing and decision thereon, said supplement is hereby suspended and the use thereof deferred until June 17, 1958, or until such date that is five months after the date that the proposed rate set forth in such supplement would have become effective under the terms of the above-designated rate schedule, whichever is later, and until such further time as it is made effective in the manner prescribed by the Natural Gas Act.

(D) Neither the supplement hereby suspended, nor the rate schedule sought to be altered thereby, shall be changed until this proceeding has been disposed of or until the period of suspension has expired, unless otherwise ordered by the Commission.

(E) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) of the Commission's rules of practice and procedure (18 CFR 1.8 and 1.37 (f)).

By the Commission.

SECURITIES AND EXCHANGE COMMISSION

[File No. 812-1123]

ABERDEEN FUND ET AL.

NOTICE OF APPLICATION TO PERMIT CONTINUANCE OF MANAGEMENT UNDERWRITING AND ADVISORY CONTRACTS FOR LONGER THAN A ONE YEAR PERIOD

JANUARY 15, 1958.

In the matter of Aberdeen Fund, David L. Babson and Company, and David L. Babson Management Corporation, File No. 812-1123.

Notice is hereby given that Aberdeen Fund ("Fund") a common law trust registered under the Investment Company Act of 1940 ("Act") as an open-end, diversified investment company, David L. Babson and Company ("Investment Counsel"), investment advisor to Fund and David L. Babson Management Corporation ("Depositor"), sponsor, investment advisor and principal underwriter for Fund, have filed an application pursuant to section 6 (c) of the Act seeking an exemption from the provisions of sections 15 (a) (2) and 15 (b) (1) of the Act so as to permit continuance of management, investment advisory and underwriting contracts from February 15, 1958 until April 15, 1959.

Section 15 requires, among other things, that continuance of existing investment advisory and underwriting contracts of a registered investment company be approved annually by a majority of its board of directors or by

a vote of a majority of its outstanding voting securities. Fund, being a trust, has no board of directors. Thus the Depositor has solicited the shareholders of the Fund for their written approval of (a) the continuance of the Depositor as principal underwriter and investment advisor of the Fund and (b) the Investment Counsel as such investment counsel, and such approval has been given by more than a majority of the outstanding voting securities of the Fund at least annually during the continuance of the respective contracts which provide for said services rendered by the Depositor and the Investment Counsel.

The last such solicitation was addressed to the shareholders of the Fund on January 25, 1957, and the written approval of the shareholders was received and effective as of February 15, 1957, and therefore pursuant to sections 15 (a) (2) and 15 (b) (1) of the Act, it is incumbent upon the Depositor to solicit and obtain on or before February 15, 1958, the similar written approval of the shareholders for the continuance of said contracts until February 15, 1959.

It is represented that pursuant to Rule X-14A-3 (a) and (b) of the Securities Exchange Act of 1934 the annual report of the Fund must be mailed to shareholders before or with the proxy material soliciting their approval of the continuance of said contracts with the Depositor and the Investment Counsel, said proxy material cannot be sent to the shareholders until the preparation and distribution to the shareholders of the annual report. Since the fiscal year of the Fund is the calendar year, it is impracticable or impossible to prepare and distribute to shareholders the annual report until on or about January 25. In consequence there remain some twenty days between the mailing of the proxy material to the shareholders and the termination date of both the management contract and the investment counsel contract, by which time the required approval of the shareholders to the continuance thereof must have been obtained. This period of time for the solicitation of shareholder approval may on occasion prove to be insufficient for the purpose and possibly result in a depositor lapse to the detriment of the Fund.

The Fund, the Depositor and the Investment Counsel accordingly have requested that the Commission issue an order under section 6 (c) to the effect that the continuance in effect of the contract of the principal underwriter and investment advisor and of the contract of the investment counsel be exempted from the provisions of sections 15 (a) (2) and 15 (b) (1) to the extent that said contracts may be continued in effect from February 15, 1958, to and including April 15, 1959, provided that said continuance shall be approved in writing by the holders of a majority of the outstanding voting securities of the Fund on or before February 15, 1958. With such exemption the Depositor, commencing in the year 1959, will have an extended period of time, viz. from approximately January 25 until April 15, to solicit and obtain the approval of the shareholders for the continuance of the

management contract and the investment counsel contract.

Section 6 (c) of the act provides that the Commission, upon application, may exempt any person or transaction from any provisions of the act, if and to the extent such exemption is necessary or appropriate in the public interest and consistent with the protection of investors and the purposes fairly intended by the policy and provisions of the Act.

Notice is further given that any interested person may, not later than January 30, 1958, at 5:30 p. m., submit to the Commission, in writing, any facts bearing upon the desirability of a hearing on the matter and may request that a hearing be held, such request stating the nature of his interest, the reasons for such request and the issues, if any, of fact or law proposed to be controverted, or he may request that he be notified if the Commission should order a hearing thereon. Any such communication or request should be addressed: Secretary, Securities and Exchange Commission, Washington 25, D. C. At any time after said date, the application may be granted as provided in Rule N-5 of the rules and regulations promulgated under the act.

By the Commission.

PETROLEUM CORPORATION OF AMERICA

NOTICE OF FILING OF APPLICATION FOR EXEMPTION OF PURCHASE OF SECURITIES DURING EXISTENCE OF UNDERWRITING SYNDICATE

JANUARY 15, 1958.

Notice is hereby given that Petroleum Corporation of America, ("Petroleum") a registered management closed-end investment company, has filed an application pursuant to section 10 (f) of the Investment Company Act of 1940 ("Act") for an order of the Commission exempting from the provisions of section 10 (f) of the Act, the proposed purchase by applicant of not to exceed 10,000 of the ordinary shares of Royal Dutch Petroleum Company ("Royal Dutch") of the class listed on the New York Stock Exchange, including any shares of said class proposed to be offered in January 1958 by Royal Dutch to its shareholders.

Royal Dutch has filed a registration statement with the Commission pursuant to the provisions of the Securities Act of 1933, proposing a world-wide rights offering of 7,602,285 shares of such stock to its stockholders on a one for eight basis at a price not yet determined, which is expected to become effective on or about January 17, 1958. Such offering is being underwritten by a group of underwriters.

Among the principal underwriters named or to be named in such registration statement are Glore, Forgan & Co.; Kuhn, Loeb & Co.; and E. F. Hutton & Co. Mr. Edward F. Hayes, a limited partner of Glore, Forgan & Co., Mr. Robert E. Walker, a limited partner of

Kuhn, Loeb & Co., and Mr. Ruloff E. Cutten, a partner of E. F. Hutton & Co., are members of the Board of Directors of Petroleum. In addition, there will be a number of other principal underwriters none of whom is affiliated in any way with Petroleum.

After the registration statement has become effective and the price and other terms of such offering have been made public, Petroleum may determine to purchase some of the shares being offered, not to exceed 10,000 shares. Such purchase will not be made from Gloré, Forgen & Co., Kuhn, Loeb & Co., or E. F. Hutton & Co., but may be made from any other underwriter of the shares, and will be made at the price at which the shares are being offered by the underwriters to the general public, and the underwriter or underwriters selling the shares to Petroleum will receive the same discounts or commissions in connection therewith as in the case of the shares similarly sold to the general public or Petroleum may determine to make such purchase through the purchase of rights from persons other than the above-named partnerships at market prices then prevailing and the exercise of such rights.

Section 10 (f) of the act provides, among other things, that no registered investment company shall knowingly purchase or otherwise acquire, during the existence of any underwriting or selling syndicate, any security (except a security of which such company is the issuer) a principal underwriter of which is a person of which a director or member of an advisory board of such registered investment company is an affiliated person unless the Commission by order grants an exemption therefrom. Since affiliates of Petroleum may be affiliated persons of investment banking firms which may be part of the underwriting group referred to above, the proposed purchases of securities of Royal Dutch by Petroleum are subject to the provisions of section 10 (f) of the act.

The application represents that the proposed purchases of the stock of Royal Dutch is consistent with the investment policy of Petroleum.

Notice is further given that any interested person may, not later than January 27, 1958 at 5:30 p. m., submit to the Commission in writing any facts bearing upon the desirability of a hearing on the matter and may request that a hearing be held, such request stating the nature of his interest, the reasons for such request and the issues, if any, of fact or law proposed to be controverted, or he may request that he be notified if the Commission should order a hearing thereon. Any such communication or request should be addressed: Secretary, Securities and Exchange Commission, Washington 25, D. C. At any time after said date, the application may be granted as provided in Rule N-5 of the rules and regulations promulgated under the act.

By the Commission.

ADAMS EXPRESS CO. AND AMERICAN
INTERNATIONAL CORP.

NOTICE OF FILING OF APPLICATION FOR EX-
EMPTION OF PURCHASE OF SECURITIES
DURING EXISTENCE OF UNDERWRITING
SYNDICATE

Notice is hereby given that The Adams Express Company ("Adams") and American International Corporation ("American"), registered closed-end diversified investment companies, have filed an application pursuant to section 10 (f) of the Investment Company Act of 1940 ("Act") for an order of the Commission exempting from the provisions of section 10 (f) of the Act, the proposed purchase of not to exceed an aggregate of 25,000 of the ordinary shares of Royal Dutch Petroleum Company ("Royal Dutch") of the class listed on the New York Stock Exchange, including any shares of said class proposed to be offered in January 1958 by Royal Dutch to its shareholders. Adams owns approximately 70 percent of the outstanding voting securities of American.

Royal Dutch has filed a registration statement with the Commission pursuant to the provisions of the Securities Act of 1933, proposing a world-wide rights offering of 7,602,285 shares of such stock to its stockholders on a one for eight basis at a price not yet determined, which is expected to become effective on or about January 17, 1958. Such offering is being underwritten by a group of underwriters.

Among the principal underwriters named or to be named in such registration statement are Hallgarten & Co., R. W. Pressprich & Co. and Scott & Stringfellow. Mr. Maurice Newton, a partner in Hallgarten & Co., Mr. Clinton S. Lutkins, a partner in R. W. Pressprich & Co. and Mr. Budford Scott, a partner in Scott & Stringfellow, are members of the Board of Managers of Adams and of the Board of Directors of American. In addition, there will be a number of other principal underwriters, none of whom is affiliated in any way with Adams or American.

After the registration statement has become effective and the price and other terms of such offering have been made public, Adams or American, or both, may determine to purchase some of the shares being offered, not to exceed in the case of Adams 15,000 shares and in the case of American 10,000 shares, or an aggregate maximum of 25,000 shares for the two companies, being less than 1 percent of the total of 7,602,285 shares of Royal Dutch to be offered. Any shares so purchased by Adams or American will be purchased only from underwriters other than Hallgarten & Co., R. W. Pressprich & Co. and Scott & Stringfellow, or in the open market from others who are not affiliated persons or affiliated persons of affiliated persons of Adams or American.

Section 10 (f) of the act provides, among other things, that no registered investment company shall knowingly purchase or otherwise acquire, during the existence of any underwriting or selling syndicate, any security (except a security of which such company is the

issuer) a principal underwriter of which is a person of which a director or member of an advisory board of such registered investment company is an affiliated person unless the Commission by order grants an exemption therefrom. Since affiliates of Adams and American may be affiliated persons of investment banking firms which may be part of the underwriting group referred to above, the proposed purchases of securities of Royal Dutch by Adams and American are subject to the provisions of section 10 (f) of the act.

The application represents that the proposed purchases of the stock of Royal Dutch is consistent with the investment policies of Adams and American.

Notice is further given that any interested person may, not later than January 27, 1958 at 5:30 p. m., submit to the Commission in writing any facts bearing upon the desirability of a hearing on the matter and may request that a hearing be held, such request stating the nature of his interest, the reasons for such request and the issues, if any, of fact or law proposed to be controverted, or he may request that he be notified if the Commission should order a hearing thereon. Any such communication or request should be addressed: Secretary, Securities and Exchange Commission, Washington 25, D. C. At any time after said date, the application may be granted as provided in Rule N-5 of the rules and regulations promulgated under the act.
